### LOCAL AND PERSONAL NEWS

Mr. and Mrs. John Sawyer and Misses Lavina Wilks, Odle Chandler and Minnie Sawyer of Caruthersville were motorists to our city Sunday.

Miss Opal Blanchard, living between Hayti and Caruthersville, returned home Tuesday, after spending a week with Miss Emma Shepard.

John Nicks and Miss Mayme Denton of Caruthersville were married in our city Monday night, by Rev. J. D. Long, at his residence.

Mrs. Blanche Bracey of Pascola was a Hayti visitor Monday, and paid the Herald office an appreciated visit, also leaving a husband's photo, illustrating among other good soldiers who did their duty for their native country, the picture to be placed in the Honor Roll of Pemiscot County.

### LOCAL AND PERSONAL NEWS

J. B. Hagemann of the S. E. Wiley plantation, north of this city, was attending to farm business in Caruthersville Tuesday.

Chas. Foley, after a month's sojourning in Oklahoma, returned home Monday and will spend a few days with his father, W. H. Foley.

C. P. Wells, after a month's recreation in St. Louis, returned home Sunday morning and resumed his duties at Lefler's Drug Store.

The soldiers returning from overseas have a new religion. It is a religion based on disrespect for a coward. They hate a financial slacker just as hard as they hate a physical slacker. Returned soldiers ought to be mighty good men to sell Liberty notes to the homefolks. They have learned to hate selfishness.

### Wm. H. HELM RE-TURNS FROM FRANCE

Wm. Helm, at the time the United States entered into the war with the common enemy, though having a family of his own and entitled to exemption, waived all claim for exemption and was among the first from this county to be drafted. He was sent with the contingent to Camp Funston, Kansas and upon learning that the 115th Field Artillery of the 30th Division would be sent to France soon, secured a transfer to that division and within a two months time after his induction into the army, was in France. He was with the army that occupied Luxembourg, and fought at the battle on the Woeve plains east of the Meuse river, also in the St. Mihiel and the Argonne forest. He was in the wireless signal corps, assisting in keeping up the lines of communication, and has many interesting stories to tell of his part in the war. His division was made up of the National Guards of Tennessee, North and South Carolina. He passed through some of the hardest battles, and speaks of having comrades falling all around him while in action, but received not as much as a scratch. On his return he landed at Charleston, South Carolina on the 28th of March, arriving in this city the latter part of last week. Bill, as he is known by his many friends, is certainly welcome home, and we would be glad to have him again locate in our city, he formerly being one of the telegraph operators for the Frisco in this city.

### BUCKLEYS STORE PURCHASES SPENCER STOCK

Again, the Buckley Store has hung out its energy and ability to make good, and Thursday afternoon of last week purchased the larger part of the Lee Spencer stock of general merchandise, having only about five years ago bought Mr. Spencer out the first time.

Mr. Buckley is one of this city's widest awake and best business men and would we had more in the city of his ability and caliber. No doubt his pleasing and courteous manner has been his biggest asset in his business career, but he also has a good business judgment.

Mr. and Mrs. Luther Cantrell, Prof. Seymore and Swan Naylor of Caruthersville motored over to our city Sunday.

### RED CROSS NURSE TO SPEAK HERE FRIDAY NIGHT

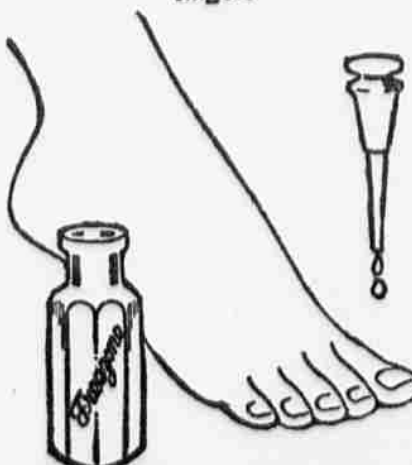

Miss Mabel Alexander, a Red Cross nurse having just returned from France, is here this week visiting with Mrs. M. F. Stanfield and family. Miss Alexander will make a brief talk at the entertainment being held by the Ladies Aid of the Baptist church in the High School Auditorium tomorrow (Friday) night. We understand that Miss Alexander is a very interesting and instructive talker and will give one an individual feeling of the experiences of the American Red Cross nurses while on the battlefields of France.

Miss Alexander this afternoon addressed the pupils of the seventh and eighth grades of the Grammar School every listener feeling as though they had been present at the occasions of which she spoke.

She will leave our city Sunday night for Chicago where she will be in the government's marine hospital.

### LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

We Sell FREEZONE

### Standard of Taste.

One of my fellow wage-slaves (re-lates Louie) is the proud possessor of an exceedingly noisy shirt—white with wide orange and purple stripes if you will believe it. One evening he was calling on some friends who have a five-year-old daughter. The youngster gazed wide-eyed at the screaming combination, then, rubbing her hand over the shirt front, inquired: "What kind of a flag is that?" —Cleveland Plain Dealer.

### Improved Lightship Bell.

A new lightship also has a bell which is made to ring automatically by means of a highly ingenious device which utilizes the gas as it passes from the tanks to the lantern, to actuate the bell clapper. The light is not interfered with in the slightest degree by the operation of the bell-striking device. It is only set in motion, however, in very foggy weather, when the light cannot be distinguished at a great distance.
